ITALIAN GAINS ADMITTED

**Vienna Report Chronicles
Advance Toward Trieste,

2700 Prisoners in Other

paring for Attack**

(Associated Press Telegram)
London, Oct. 13.—While the en-
tente armies in Northern France and
in the Austro-Italian war theatre
are keeping their heavy blows on the
lines of their Teutonic foe, the latter
is continuing to counter heavily
by delivering crushing strokes on the
Transylvania front.

The Russians are being forced
back in Northeastern Transylvania
as well as along the Rumanian border
in the Hermanstadt and Kron-
stadt regions, according to the cur-
rent war office reports. Vienna
claims that the Rumanian resistance
has been broken on both sides of the
Maros river, where Berlin yesterday
announced an encircling movement
in progress. The Rumanians are de-
clared to be in flight here while
their retreat continues near Kron-
stadt, where King Ferdinand's troops
are falling back toward the frontier
passes.

Italian gains in the fighting of
Wednesday on the Carso front where
General Cadorna is pushing toward
Trieste, are admitted by Vienna,
which mentions progress for the Ital-
ians east of Oppacchiasella and their
capture of the town of Novavas.
Elsewhere, however, they are de-
clared to have failed in their at-
tempts to advance and to have lost
a total of 2700 prisoners in recent
engagements.

An air raid carried out by 40
French and British machines on the
Mauers works at Oberndorf, Ger-
many, during which four tons of ex-
plosives were dropped and six Ger-
man machines shot down as they at-
tempted to defend the works, is an-
nounced by Paris.

No infantry action in the Somme
region is reported by Paris today
but intense activity by the artillery
is in evidence both North and South
of the Somme. In the former re-
gion the French apparently are pre-
paring for another drive in the re-
gion of Morval and Bouchavesnes,
while their guns are pounding the
neighborhood of Chaules south of
the river.

On their end of the Somme front
the British advanced south of Ba-
paume during yesterday's fighting,
pushing in further toward the Ba-
paume-Peronne road in the region of
Guedecourt and taking about 150
prisoners.

Some activity has developed on
the northern front in Russia which
has been quiescent for some time.
The Germans attacked and captured
a Russian trench section on the
Shara river near Goldevitich but ac-
cording to Petrograd were shortly
afterward driven out with heavy
losses. No heavy fighting is reported
in either Volhynia or Galicia in
the Russian official bulletin.

East of the Stama river in Mac-
edonia the British apparently are
making ready for a further effort
against the Bulgarian's position.
Their patrols have been pushing out
and their armored cars have been
successfully employed for reconnoit-
ering, according to London. The
Bulgarians were found to be holding
the Seres-Demir-Hissar railroad in
strength.

LICENSES FOR SOME SALOONS MAY NOT BE ISSUED, IS RUMOR

Messrs. O. C. Larason and Ray
Martin, Licking county liquor
license commissioners, tomorrow
will make public names of saloon-
ists who have been granted licenses
to operate in this county, 61 in New-
ark and three in Utica.

It is rumored that there will be
some disappointments when the list
is made public as it is a known fact
that deputy state inspectors have
been operating in this community
for months and that they were work-
ing under instructions of the state
liquor license commissioners at Col-
umbus. It is said they have ob-
tained information that a number of
licensed saloons in the city have
been conducted in open violation of
the state liquor license laws and
that licenses will not be reissued to
them. It is also reported that in
several cases applicants will have
their licenses held up until they can
convince the state board that they
are operating in conformity with
state liquor license requirements.

Messrs. Larison and Martin, local
county commissioners, can not give
any advance information regarding
successful applicants, and they also
are under instructions of the state
board at Columbus. They stated to-
day, however, that no political pre-
ference is to be shown, but that the
awarding of licenses would be in
strict compliance with the legal op-
erations of saloons.

LOSES \$8,000 WHEN U-53 SINKS SHIP

Miss Louise C. Howley.

Miss Louise C. Howley was one of the passengers on the steamer
Stephano, which was sunk by the German submarine U-53. She had with
her \$8,000 in cash, which went down with the ship. This picture, which was
taken after she was landed by a rescue ship in Newport, R. I., shows her
broadly smiling. She is happy to have escaped with her life, beside which
the \$8,000 in money seems trifling.

President Wilson stopped here for a
few minutes early this morning, a
small crowd was at the station. He
shook hands with as many men as
possible. He did not remain on the
observation platform as usual but
stepped down into the station to
greet the people.

apolis today that Pennsylvania Day
at Shadow Lawn tomorrow will be

Led by Vane McCormick, chairman
of the Democratic national com-
mittee the delegation will go to hear
the president deliver one of his
front porch campaign speeches.

tion of working hours from 60 hours

RUMANIA FAILS TO STOP TEUTONS; 650 PRISONERS

(Associated Press Telegram)
Vienna, Oct. 13, via London, Oct.
13.—Efforts by the Rumanians to stay
the Austro-German advance in
Transylvania have failed, the war of-
fice announced today, and they are
being driven further by General von
Falkenhayen's troops. The state-
ment follows:
"Rumanian attacks north of Vul-
can Pass failed. In the region of
Kronstadt the enemy was compelled
to retire in the direction of the fron-
tier passes. In the last two days
18 officers, 639 men, one heavy gun,
five machine guns and much war
material have been brought in.
In the Georgeny mountains and on
both sides of the upper Maros Ru-
manian resistance has been broken.
Our troops are pursuing the enemy."

CLEVELAND MAY ISSUE BONDS COURT HOLDS

(Associated Press Telegram)
Columbus, Oct. 13.—The supreme
court today refused to restrain the
city of Cleveland from selling a \$2-
000,000 bond issue to pay for the
building of a new sewage disposal
plant in compliance with a recent
order of the state board of health.
The court also ordered that the
county auditor must place the bond
issues tax levy on the duplicate.

In its decision, the supreme court
held that the tax levy to pay for the
bond issue, does not have to come
within the 15-mill limitation of the
Smith one-per cent law, where such
an emergency exists.

The city of Cleveland authorized
the issuing of the bonds outside the
Smith law limitations. W. S. Fitz-
gerald, Cleveland director of law,
brought a friendly suit to restrain
such action, holding the ensuing tax
levy must come within the 15-mill
limitation of the Smith law.

The county auditor then refused
to make a levy until the bonds were
actually issued, although they had
been authorized and were being held
by court action. Under the supreme
court's decision, the auditor should
have made a tax levy immediately
as soon as the bond issue was au-
thorized.

**Sailing off British Merchant
Ships From Eastern Ports

Five British Vessels Sail
In Last Twelve Hours—
Kansan Ready to Sail**

(Associated Press Telegram)
Boston, Oct. 13.—A fleet of for-
eign cruisers and destroyers is off
the American coast, according to
Captain Loinders of the Russian
steamship Hesperus, which arrived
here today from Huelva, Spain. To
the pilot who boarded his vessel, the
captain reported that a "lot of
cruisers and destroyers" passed his
vessel off Cape Sable Wednesday,
heading southwest. At the rate of
speed he said, they must be off the
coast by now.

Belief that they were British de-
stroyers was held by many water
front authorities who connected
their appearance with the fact that
it was only yesterday that the British
vessels at this port moved out
after being held here since the sub-
marine raid off Nantucket Sunday.
The British destroyers, they con-
tended, came here to act as convoys
for ships of that nationality.

Three British steamers went out
last night and today the Lord Crom-
er and the Marengo prepared to
sail. The Kansan, of the American-
Hawaiian line, under charter to the
British and Canadian Steamship Co.,
and laden with war munitions and
horses for the allies, was expected
also to sail today for St. Nazaire,
France and Genoa.

The Kansan was the first steam-
ship to encounter the U-boat last
Sunday but was allowed to proceed
after examination of her papers.

PATROL OCEAN HIGHWAYS OFF ATLANTIC COAST TO MAIN- TAIN NEUTRALITY

Wireless Stations Along Coast Order-

—Warned Vessels at Sea.

(Associated Press Telegram)
New York, Oct. 13.—A dozen de-
stroyers of the United States navy
are patrolling the ocean highways to
and from North Atlantic ports today,
but what purpose is known only to
naval authorities. It was reported
that they went out to maintain the
neutrality of American waters, but
Rear Admiral Austin Mr. Knight,
commandant of the naval station at
Narragansett Bay, is authority for
the statement that no official action
toward establishing such a patrol
had been taken. He said, however,
that this soon would be done.

Since the advent of the German
submarine off Nantucket the navy
department has shut down all coast
wireless stations that one newspaper
wireless station here had sent out
last Sunday to ships at sea an
announcement of the raid of the U-53
and that this was regarded as an un-
neutral action in violation of the
President's proclamation issued two
years ago.

WIFE OF KAISER'S FIFTH SON IS NURSE

Princess Oscar.

While other members of royalty have been content to confine their
activities to the alleviation of the sufferings of those war victims who
either have not been to the firing line, or have been there and have been
incapacitated and returned, Princess Oscar, wife of the fifth son of the
kaiser, has chosen for her endeavors the field that requires the greatest
courage and most arduous service—the firing line. As a Red Cross nurse
the princess has on more than one occasion been under fire. She is at
present in Berlin recuperating after six months of work at the front and it
is expected that after a brief rest she will return again to the field.

FIGHTING ON ITALIAN FRONT IS DESPERATE

(Associated Press Telegram)
Vienna, Oct. 13, via London, Oct.
13.—The Italians are maintaining
their attacks on the Austrians with-
out cessation and desperate fighting
continued throughout yesterday. To-
day's official announcement says
the Italians gained ground east of
Oppacchiasella in their drive to-
wards Trieste, and captured the town
of Novavas. At other points the ut-
most efforts of the Italians gained
nothing for them. The number of
Italian prisoners has been increased
to 2,700.

PITTSBURGH'S MILK SUPPLY THREATENED BY OHIO PRODUCERS

(Associated Press Telegram)
Jefferson, O., Oct. 13.—A commit-
tee of eight directors of the Dairy-
men's Protective Association, which
controls 80 per cent of the milk sup-
ply of Pittsburgh met here today to
complete plans for a strike which is
to be put into effect Sunday, follow-
ing refusal today by Pittsburgh
dealers to accede to demands for
higher prices for milk.

The association controls forty
thousand cows in Ashtabula, Trum-
bul, Mahoning and Columbiana
counties in Ohio and Crawford and
Mercer counties in Pennsylvania.
The new rate asked is \$2.23 per
hundred pounds in milk testing 3.5
percent butter fat. Members of the as-
sociation say they have been getting
all the way from \$1.17 to \$1.60.
The new rate means about 20 cents
a gallon in winter and 17 cents in
summer. The Dairymen's Associa-
tion has determined to ake its cream
into butter and feed the skimmed
milk to stock rather than continue
to sell at the old rate.

track yesterday, suffered a stroke
of apoplexy and fell from his sulky.

where he is said to be dying. After
Clayton fell, his horse ran away and
circled the track five times before
being caught.

BARBERS BOOST PRICE OF SHAVE TO TWENTY CENTS

(Associated Press Telegram)
Cleveland, Oct. 13.—At a meeting
today of the Master Barbers Asso-
ciation, it was decided the recent in-
crease of 25 to 35 cents for hair
cuts was not enough and a vote of
the 900 members in the association
was ordered on a proposition of fur-
ther increases on October 26. The
new schedule calls for 20 cents for
shaves, 30 cents for massage and 35
cents for shampoo. Officials of the
association say the new schedule will
be adopted without a dissenting
vote.

SCENT MURDER MYSTER IN DEATH OF CLEVELAND MAN

(Associated Press Telegram)
Cleveland, Oct. 13.—The finding
of the badly beaten body of an un-
identified man in a field near Broad-
way and the Nickel Plate railroad
tracks this morning gave police
what is believed to be another mur-
der mystery to unravel. The body
was found so far from the railroad
tracks that police say the man was
not struck by a train. Police believe
the man was beaten to death and
that robbery probably was the mo-
tive.

—Officials Claim Situation

Violating Orders Are
Wrecked By Police**

(Associated Press Telegram)
Bayonne, N. J., Oct. 13.—City au-
thorities hoped today that the 5000
strikers from oil plants at Constable
Hook, who have been rioting in the
streets of Bayonne for two days
were awed by the two demonstra-
tions of force by the police yester-
day and that there would be less
shooting and sniping by the strikers
and the sympathizers today.

The police planned to repeat their
performance of yesterday when they
swept twice through the district in
the Constable Hook section driving
the strikers off the streets, into the
houses, returning the shots of snip-
ers stationed on roofs and in win-
dows, wrecking saloons kept open in
defiance of the mayor's orders, and
arresting the proprietors.

One man, a lawyer who was in-
nocent of any part in the rioting
was shot and killed yesterday and it
was estimated that nearly a score
were wounded, some of them specta-
tors.

Three persons, one a young wom-
an, have been killed, and it is es-
timated that more than 100 have
been injured since the rioting began
and there has been much property
damage. It was reported today that
many families were removing from
the strike district or the city to es-
cape the danger of bullets.

The body of an unidentified man
was found lying in the street some
distance from the strike center today
with a bullet wound in the head.
Nothing was known as to the cause
of the killing.

The police assert that virtually all
those wounded have been hit by bul-
lets from the guns of strikers and
that the police have shot over the
strikers' heads.

They admitted that individual po-
licemen were not patrolling the
strike section in the night hours for
fear of being shot at from roofs.
Nevertheless the commission of pub-
lic safety, Henry Wilson, declared
the police had regained control. The
"dead end" set by the police beyond
which the strikers were not permit-
ted to gather had been pushed back
a few blocks toward the oil plants.

Strike leaders have offered to or-
ganize a special force of 300 men to
aid in suppressing the rioters. Their
offer was accepted but has not yet
been made effective.

UNION MEN WILL DEMAND BOOKS OF OHIO MANUFACTURE

Toledo, Oct. 13.—The State Fed-
eration of Labor will elect officers
today. Only one change has been
hinted at, and that will give miners
representation on the executive
board, which is made up of the
president, secretary, treasurer and
vice presidents. Two vice presidents
will be added to the list. It is prac-
tically certain the next convention
will go to Springfield. The head-
quarters of the secretary treasurer
hereafter will be in Columbus in-
stead of Cincinnati. The conven-
tion decided to demand union labor
on all school books and that the
books be printed in Ohio.

AMERICANS ARE BROUGHT CLOSER TOGETHER BY WAR

St. Louis, Oct. 13.—This is the
day of American missionary oppor-
tunity in the western hemisphere,
the Rt. Rev. Arthur S. Lloyd of
New York, president of the board of
missions of the Protestant Episcopal
church told delegates to the
church's triennial convention today
when he presented the report of his
board.

He said the catastrophe which has
brought Europe into chaos has
brought North and South America
together in a way not hitherto
deemed possible. For this reason,
he asserted, the convention should
adopt a recommendation of the
board of missions that a bishop be
consecrated for Panama.

The board's report urged a larger
interest in missions in "these days
of great prosperity in our country."
It showed that the board is support-
ing nine bishops and 329 other
clergy, and lay workers in the
foreign field, together with
1088 native workers including
clergy, catechists, teachers and
Bible students and women, and that
seventy-five wives of missionaries
are rendering service without com-
pensation.

GOOD ADVICE GIVEN IN MR. BEGGS' TALK ON SALESMANSHIP

F. L. Beggs, president of the Chamber of Commerce, pleased his audience in the first talk on Salesmanship and Business Efficiency given in Taylor hall under the auspices of the Y. W. C. A., at Y. M. C. A. last night. His subject was "Personality in Salesmanship: Preparation for Salesmanship: Possibilities in Salesmanship." Among the things Mr. Beggs said are:

"We are all salesmen, for we all sell service or ability of one kind or another. You have sold service whenever you obtain a position. The man in the ditch sells labor; the machinist or carpenter sells skill; the physician or professional man sells knowledge to another."

"Four elements are considered necessary to a sale—the article to be sold, the salesman, the buyer and the profit. It is not a sale, only an exchange, unless there is a profit."

"There are few salesmen, but many order takers. A great many lines of merchandising do not require salesmen. An order taker will answer the purpose, and they come much cheaper."

"Personality is that which makes you a distinct person. Some persons are born with the talent of pleasing address. For others it is an acquirement which only comes by studious effort and many hard and humiliating lessons in the art of being pleasant and agreeable."

"A desirable personality will enable you to know when to speak and when to keep silent, what to say and what to avoid. Courtesy and politeness are indispensable elements of a pleasing personality."

"A great forward movement is noticeable among business men to improve the quality of salesman-

Also, case of City vs. James Richter Ohio ex rel. Jas. Mercer, et al., vs. Board of Education of Hanover; motion to dismiss appeal sustained.

Seeks Injunction.

Samuel E. Forsythe vs. John L. Hughes, et al., is the title of a petition filed in common pleas court. The plaintiff prays that an injunction be issued preventing the levying of an execution upon the lands or properties of the plaintiffs to satisfy court costs in litigation which plaintiff avers should be paid by defendants. A temporary injunction has been granted by Judge T. B. Fulton upon the plaintiff giving bond in the sum of \$300.

Justice Jones Court.

Justice D. M. Jones acted as a peace maker last evening and assisted an erring husband to regain the affections of his wife. A well known last Newark woman appeared at Justice Jones office late yesterday afternoon and subscribed to two affidavits, one charging her husband with committing adultery naming the woman. The second warrant was against the latter and she also was charged with the same offense. Constable Emmet Forgrave served the warrants and brought the woman into court and she immediately became defiant and stated that they couldn't prove anything. Justice Jones informed her that he was not trying the case and merely wished her to plead either guilty or not guilty. She merely kept repeating "that they couldn't prove anything." Justice Jones informed her then that she could meditate on the circumstances over at the Swank Hotel unless she could furnish \$100 bail until next Saturday. Just then Constable Forgrave arrived with the recreant husband and another scene ensued. The latter finally prevailed upon the court to send for his wife and after a long interview between the two the injured wife agreed to withdraw the charges. The husband paid the costs and Judge Jones dismissed the woman in the case and then gave the couple a little friendly advice. He told the man to forsake his bad habits and associates and remain faithful to his wife, who was superior in every way to the woman who had endeavored to steal his affections away from his wife. After a lengthy but friendly talk Judge Jones had the satisfaction of seeing the couple leave arm in arm for home.

It was added that the submarine was "astern," but whether pursuing the Bovie or keeping an independent course was not stated. The figures of longitude, as received are not correct, the degrees given being wrong, but it was stated the error

UNCLE SAM TO PATROL WHOLE OF ATLANTIC COAST

(Associated Press Telegram)

Newport, R. I., Oct. 13.—A far-flung patrol by torpedo boat destroyers, charged with the double duty of enforcing neutrality observance and saving lives in event of further submarine raids on shipping off these shores, was put into effect from Bar Harbor, Me., to New York today.

Official authority for the statement that such a patrol had been ordered by the navy department was obtained here this morning.

The limits of the line of coast surveillance at present effective were shown today with the arrival of the destroyer Paulding of Bar Harbor, Me., and the activity of the destroyer Sterrett in New York Harbor. Between these two outposts nine other destroyers were weaving a net of observation that extended an considerable distance out to sea, well beyond the lanes of coastwise vessels.

In Narragansett bay seven other destroyers were kept at routine target practice with steam constantly up, available for an emergency call.

REPORT CONFIRMED.

Newport, R. I., Oct. 13.—Confirmation that the British steamship Bovie sighted a German submarine off the coast was contained in a statement by a naval official here today.

"A passenger steamer reported to Nantucket shoals lightship that she had sighted a German submarine well astern, this morning." No position was given, nor was the direction of the submarine stated.

WILL EXTEND PATROL

Boston, Oct. 13.—It was stated here today that the American destroyer patrol in connection with recent submarine activities had been ordered extended from New York to Galveston, Tex. This statement lacks official confirmation, however.

OHIO SOLDIERS WILL RETURN IN TIME TO VOTE

Ohio soldiers on the border expect to be at home in time for the state and national election in November, according to information in a letter from Sergt. Harold Wilson of Co. G Fourth Ohio. The regiment, with other National Guard units has just completed a "hike" across the New Mexican sands. They were in camp but a short time when the order was received to return to El Paso. This is taken to mean an early return to Ohio. The letter of Sergt. Wilson follows:

Dear Home Folks:

We are at one end of our hike and only wish we were at the other. We left El Paso Oct. 1st and are camped on a sandy plain just east of a town called Las Cruces, N. M. The hardships we went through were something fierce. The lack of water and the sandy country were our worst difficulty. We were allowed one gallon of water a day out of that we cook, drink and if you are wasteful enough, wash your face. We could not travel very fast as our line was about 15 miles long and the sand about shoe top deep.

We were expecting to stay here several days but just got orders to pack and start towards El Paso immediately. That means we will be sent home or into Mexico. We have heard reports all day that there was a general uprising in the southern part of Mexico, but just the same we think we will be sent home as soon as we reach El Paso.

The little town of Las Cruces is one of the most picturesque I have ever seen. It is one of the oldest in the United States and civilization has never found it. The sheriff is the main guy. He has a saddle which one of the Mexican generals sold him and it is worth something like \$5,000. He can be seen on the main street (which is the only one), any time of the day, always on his horse with two of those "big size shooters" and all the rest of the western decoration hanging to him.

We haven't had a shave for two weeks and won't until we get back to El Paso.

The officers are betting even that we will be back in Ohio for election.

Sgt. Harold T. Wilson.

The local executive committee at a meeting yesterday afternoon endorsed the program outlined by the entertainment committee composed of Frederick W. Mott, of the First National Bank; Warren T. Suter, of The Franklin National Bank; L. Tenny Reese, of the Newark Trust Company; C. L. V. Holtz, of the Licking County Bank and Trust Company; W. W. Gard, of the Park National Bank; and Edward T. Whitmer, of the Adelphia Bank of Adelphia, O.

The program of the convention as arranged will be one of considerable interest to the farmers.

NIGHT SCHOOL FAVORED HERE; INTEREST GREAT

The preliminary steps toward the establishment of a night school in Newark for foreign-born were taken at a meeting last night of the membership council of the Chamber of Commerce.

"Americanizing the Alien" was the subject brought before the meeting on which addresses were delivered by Chairman Clarence Heisey, Prof. H. F. Moninger, President W. E. Miller of the board of education, W. H. Smith, Rev. Father B. M. O'Boylan and Peter Chima, Rumania leader in the city. All spoke of the need of a night school here. Later a resolution was adopted by the council as follows:

"It is the sense of the membership council of the Chamber of Commerce that Newark needs a night school, not only to teach the 2500 foreign-born residents here and prepare them for American citizenship, but to offer educational advantages, particularly to young men and women of American birth, now employed in our industrial and commercial institutions, whose mental and vocational training has been interrupted by their need to become wage earners."

"We believe that the Chamber of Commerce, as a community agent of Newark and vicinity should give thorough support to the establishment of such a school and enlist the active co-operation of employers of labor in obtaining the attendance which will justify the board of education in maintaining it after it is started."

The resolution was referred to the city planning commission which will appoint a committee to look after the proposition in line with other matters of educational interest.

A vote of thanks was tendered the speakers for their interest in the movement and for their talks, by the council.

The manager suggested that instead of each of the 30 groups in the membership council being represented by one man, that two men be appointed to act as representatives for each group.

President F. L. Beggs favored the suggestion and appointed a committee of three consisting of Ray Martin, Wilson Hawkins and Carl Norpell to take up the matter and report at the next meeting.

The membership council decided to move the time of their meeting ahead on October 26. Instead of meeting at the usual time, 7:30 p. m., the meeting will be held at noon and in connection with the big county luncheon which will mark the inauguration of the Licking county farm bureau.

NEWARK HIGH HAS HARD TASK FOR TOMORROW

Despite the absence of Captain DeFrance from the lineup, on account of a sprained ankle, Newark high football team will go into the contest Saturday afternoon at White Athletic field, against Delaware high, with plenty of pep and confidence in their ability to win. The game will be called at 2 o'clock.

Preiner has been shifted from left end to left half by reason of DeFrance's absence. The locals are showing plenty of fighting spirit and Coach Millar predicts a good game tomorrow afternoon.

That Delaware has a real strong team this year was demonstrated at Columbus last Saturday, when North high was only able to score 6 points. Saturday's game should be one of the best of Newark's schedule, as the visitors possess plenty of fight and come determined to register the first defeat of the season for the locals.

The probable line-up for Newark is as follows: Power or Beatty, left half; Dittler, left guard; Davis or Zentmeyer, center; Wolf, right guard; Weaver, right half; Baker, fullback; O'Hara, right end; Orr, left end.

Patton for Sheriff.

Roy L. Patton of Johnstown, is
the Democratic candidate for sheriff
of Licking county, having been de-
feated two years ago by the present
incumbent by a small majority.Mr. Patton stands upon his state-
ment a "square deal," for everyone,
regardless of political affiliations
and purposes to administer the of-
fice of sheriff to the interests of the
tax payers of the county, who have
at times been systematically robbed
by the cost bill for board of prison-
ers, who may happen to be in the
custody of the sheriff. At times
advantage has been taken of the al-
lowance given for this purpose, to
line pocketbooks well by taking
money from the county at the rate
of 50 cents a day, for each prisoner
in jail custody and giving that pris-
oner 4 cents worth of victuals. There
will be a different policy under
Sheriff Patton. He will not con-
sider a man who may be under
bond, guilty, until he is proven so,
and in any event will always re-
member that he is a human being.There will be many reforms at
the county jail after he takes
charge, not only those recommended
by grand juries (which have not
been made) but will suggest others,
that do not mean luxury for prison-
ers, but in reality will make for the
benefit of the community.Roy L. Patton will not league
himself with any city official to
have a certain number of violators
of city ordinances and minor
statutes against misdemeanors sent
over to the county jail to benefit
him financially. He will accept and
keep men who have been convicted
or suspected of crimes against per-
son and property until their cases
have been disposed of, and will
treat them as men or women hav-
ing at least not forfeited every right
to existence.Mr. Patton is a man who stands
high in the community in which he
lives. He is known as honest, up-
right, and at all times fair-minded
toward those with whom he has
had dealings. To elect him will
do away with many abuses of of-
ficial power, and a system of "graft"
that has become obnoxious.

lic," in a signed article appearing
in that magazine tomorrow.The writer reviews the records of
President Wilson and Mr. Hughes
and contrasts the campaigns be-
ing conducted in their behalf. He
concludes his article with the fol-
lowing striking paragraphs, which con-
stitute a forceful appeal for the con-
tinuation of Woodrow Wilson in of-
fice:"Mr. Hughes on his campaign
and the Republican party on its
record do not deserve to win.
Fairness—firmness, indeed! Is it
firmness that characterized Mr.
Hughes in Milwaukee? Vacillation
—what of California? Good men
in office—what of the men who
surround Mr. Hughes today? Inept
—is it possible to equal his treat-
ment of Governor Johnson? Is
there either courage or wisdom in
Mr. Hughes's campaign? Has he
faced any issue but the eight-hour
law? Has he said one word about
international affairs that shows a
hint of statesmanship? Has he said
anything about the tariff which Mc-
Kinley wouldn't have said, or about
labor to which Mr. Taft wouldn't
assent?""Why then are we called to make
the change, to defeat a man who
has grown, who has mastered his
party and recast his beliefs? There
ought to be some very good
reason for making a change now.
Defeat Mr. Wilson in November;
from November to March no nation
on earth will know what our policy
is. If Mr. Hughes takes office in
March two or three months will be
consumed in displacing incompetent
Democrats and a least six months
in teaching Mr. Hughes the prob-
lems of his office. Those months
are likely to be the most crucial
months of our time, for in those
the settlement will be formulated.
A change of government ought to
take place only if there is a sharp
necessity and a real alternative.
The necessity may exist, but the al-
ternative doesn't. No human be-
ing, probably not even Mr. Hughes
himself, knows how he would alter
the policy of the nation. It would
be more restlessness to make the
change."Mr. Hughes was nominated in
the dark, but he ought not to be
elected in the dark, not today, not
in these difficult times."

Keep Court Clean.

There are duties of citizenship
that cannot be evaded with honor.
One of these duties is to see that
the judiciary is maintained on a
high standard. If for any reason
that standard be lowered the citi-
zen, to fulfill the obligation of citi-
zenship, must seek to restore it. If,
on the other hand, the standard is
established, plain duty requires ac-
tivity that it be maintained. The
last sentence applies to the present
Ohio Supreme Court. Its standard
has been raised. Men like James G.
Johnson and Maurice H. Donahue
helped to do it. No voter can in
good conscience neglect this plain
fact in his voting booth a few days
hence. A determined and betimes
secret canvass is being waged
against them on behalf of a known
opponent of workmen's compensa-
tion and other progressive reforms
and on behalf of a man without
visible qualifications for the place.
Tell your neighbor. Let us all vote
for Johnson and Donahue and keep
the court clean.After two weeks of effort in
Ohio with unlimited capital the Re-
publican National Committee
through J. C. Morris, former Ohio
Railway Commissioner, secured 30
men to work among railroad em-
ployees against Wilson and eight-
hour day. They wanted one hun-
dred and fifty. Thirty Judases
among all the railroad men of Ohio
is not a bad record for the State.The unsolicited endorsement of
Senator Pomerene by Andrew
Furuseh, President of the Inter-
national Seaman's Union of Ameri-
ca, shows that the Senator's labor
record is 100 per cent pure. The
Seaman's bill was the acid test.By neglect the present admin-
istration has done more to hurt the
Fish and Game interests of the
State than could be recovered in
years. By his broken pledges to
friends in these interests he has in-
jured his own cause irrevocably.Much is being said again about
the football accidents, but the whole
season's record will not compare
with the slaughter and maiming that
takes place on the automobile roads

Marshall In Demand.

Thomas R. Marshall, vice presi-
dent of the United States, is in
great demand as a campaign speak-
er. He is a brilliant and interest-
ing speaker. Mr. Marshall is to be
in Ohio only two days during this
campaign and requests for his pres-
ence reached the committee from
every section of the state. New-
ark is fortunate in being one of
the few places he will visit. Sena-
tor Atlee Pomerene will accompany
Mr. Marshall to Newark next Mon-
day and both will speak in the
court house park beginning at 1:30
o'clock on the afternoon of October
16th.

October Weddings.

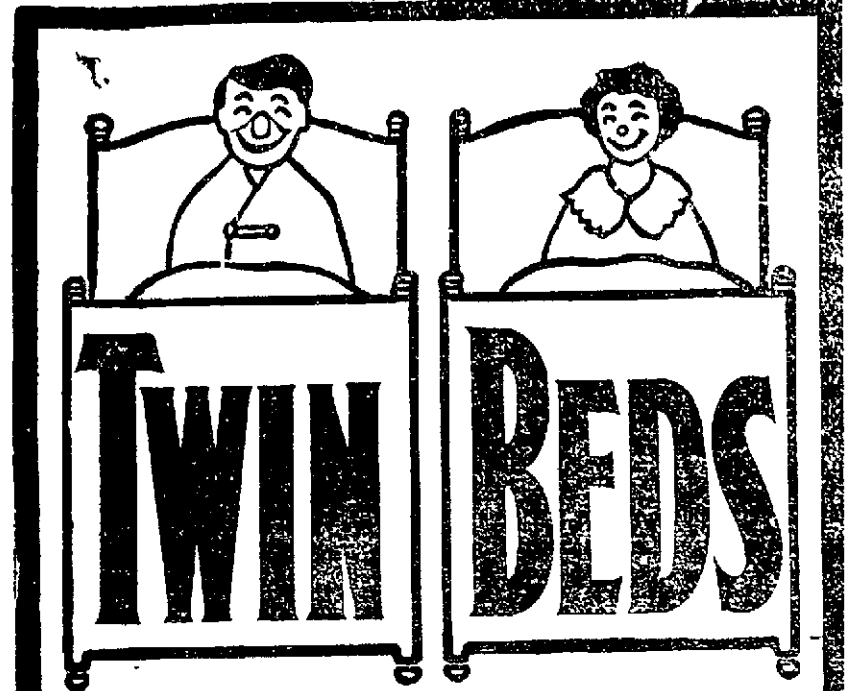

The newspaper reporter finds
himself called upon to write up a
good many matrimonial events dur-
ing the present month. If he has
been in the business for some years,
it is hard to find any new adjectives.
Captious people find fault
with the scribes who always say the
presents are "numerous and costly."
Yet after one has described a few
hundreds of these functions, any
phrase that can be used seems
hackneyed.Some one asked the newspaper
man the other day if weddings are
as elaborate as they used to be. It
is hard to tell. Certainly there are
many people who slip out of town
to get married in a very quiet fash-
ion. They communicate with a par-
son some miles away, and ask if he
can perform the ceremony at a cer-
tain time. Getting a wife becomes
as unostentatious as buying a hat.
There are no rice-throwers, no pur-
suit of the escaping pair.Many fathers of families and
many bridegrooms highly approve
of this method. To be sure the col-
lection of wedding presents is not
very large. But then there are no
expenses for carriages, decorations,
refreshments, and gifts.There always will be many others
who enjoy making a big event of
the wedding. They may not be peo-
ple who otherwise are fond of dis-
play.To the feminine intelligence every
detail has its meaning. The decora-
tions, bride's gown and brides-
maids costumes are closely scruti-
nized, and good taste recognized
with discriminating perception. The
masculine mind recognizes the pic-
turequeness of the function, as a
display of clothes and color. These
aspects can not obscure the beauty
of service whose words have been
so devoutly chosen. But to the
male perception the quiet home wed-
ding is apt to best express the spirit
of the union. He feels almost like
an intruder when asked as a re-
porter to attend so intimate a func-
tion.Hints For

DR. ROGERS WILL DEMONSTRATE HIS NEW TREATMENT

[Special to The Advocate]
Chicago, Oct. 13.—At a meeting of the Chicago Society of Medical Research this evening Dr. L. D. Rogers of Chicago, a former resident of Licking county, Ohio, and a student at Granville in the early eighties, will speak of his recent discovery and the auto-hemic treatment.

Dr. Rogers read a paper before the American Association of Progressive Medicine at Kansas City last month and after he gave a demonstration of his new treatment he was elected president of that society. Since then he has addressed four national medical associations. After tonight's

address and demonstration he will exhibit a number of babies whose mothers received the serum treatment. Dr. Lewis in his call for tonight's meeting says: "If Dr. Rogers' claims are verified that auto-hemic therapy reduces the suffering of the mother and contributes to stronger children mentally and physically, it will be a great triumph of medical science and every physician should acquaint himself with this form of therapy. Dr. Rogers has been experimenting for six years treating patients with their own blood.

Dr. Roger's theory consists of taking from 15 to 20 drops of blood from the veins of a diseased patient, and after sterilizing and fertilizing it, and exposing it to radium, returning it to the veins. The red corpuscles are eliminated during the operation leaving the blood crystal-clear. Dr. Rogers claims to have found the method entirely successful in curing any form of disease. The method is said to have found to be efficacious in curing infantile paralysis by physicians fighting the plague in New York.

DYSPEPSIA OF WOMEN

Special Treatment Required.

Many women suffer from a form of indigestion or dyspepsia which does not yield to ordinary treatment. While the symptoms are similar to those of ordinary indigestion, yet the medicines usually prescribed do not restore the patient's normal condition.

There seems to be a kind of dyspepsia caused by derangement of the female organism. While this appears to be the same as ordinary indigestion it can be relieved only by a medicine which, besides acting as a stomach tonic, is good for female ailments. Read what such a medicine did for Mrs. Williams:—

She says:—"Before I began taking Lydia E. Pinkham's Vegetable Compound I was troubled with dyspepsia and bearing down pains in my back and sides, and after my meals my stomach would bloat up till I could scarcely get my breath. At times I was so weak I could hardly stand on my feet and I looked hollow-eyed and my skin was yellow. Now I have a good color, have gained in every way and can do my work without any pains. I think it is the best medicine on earth for stomach troubles of women."—Mrs. NELLIE WILLIAMS, 31 West 3d Street, New Albany, Ind.

SOCIALIST VOTE LEANS TO WILSON

New York, Oct. 13.—The Socialist vote, usually anchored by party ethics to its own candidate, is leaning strongly to President Wilson. A great many prominent Socialists will either vote silently for the President or will renounce their party allegiance to do so.

Max Eastman, one of their most widely known leaders, editor of "The Masses," favors so strongly the re-election of President Wilson that today he gave the Woodrow Wilson Independent League the following statement:

"I would rather see Woodrow Wilson elected than Charles E. Hughes because Wilson aggressively believes not only in keeping out of war, but in organizing the nations of the world to prevent war. His official endorsement of propaganda for international federation in the interest of peace is the most important step that any President of the United States has taken towards civilizing the world since Lincoln."

"His announcement that the best judgment of mankind accepts the principle of the eight hour day is another proof that he has vision and sympathy with human progress."

"Hughes has given no such proof. He has given proof to the contrary by his petty and indiscriminate scolding."

RECEIVER WILL BE ASKED FOR SO. PACIFIC R. R.

(Associated Press Telegram)

San Francisco, Oct. 13.—Receivers for the Southern Pacific Company's extensive California oil land holdings in the San Joaquin valley, estimated to be worth approximately one billion dollars, will be asked by federal agents in the United States District court in a few days according to statement made here today by persons in close touch with the progress of the government's suit to recover the railroad company's holdings.

The matter of a receivership is expected to come before United States District Judge Benjamin F. Bledsoe in the form of a motion and it was said that his decision would be based on an exhaustive report on the company's property by J. I. Wolf, expert of the bureau of mines on special duty with the department of justice. This report it is understood, will show the amount and value of the petroleum produced on the immense area since the beginning of oil development in California.

E. J. Justice, special assistant attorney general, who is handling the case for the government, will argue for the receivership. It was said, on the ground that the government can keep exact account of the output and can conserve the property, which it claims ownership only by means of a receivership.

Deerfield, Conn., recently entertained a reunion of 100 descendants of Sgt. John Plympton, who settled in Deerfield in 1673.

THE ALPHABETICAL DOTS

By CLIFFORD LEON SHERMAN

Tommy never would tire asking questions in regard to the Mexican border. "What do the soldiers do when it rains?" he demanded.

"They just keep on being soldiers," said his father. Of course, if they are in camp and it is too wet for drills, they stay in their tents and look after their belongings. They dig trenches and all sorts of things. And after the rain is over they try to get everything dried out. I came along after a rain one day and saw three soldiers crouched over a mud puddle. When I looked over their shoulders I found that they were playing with a toy —

AN NEW START IN TYPEWRITER DEVELOPMENT

Remington Self Starter

THE Self Starter (Column Selector) is the leading feature of the Remington model 10—the correspondence machine. Here is an idea that is revolutionizing all former typewriter standards. It is giving typewriter users a new conception of what every good efficient writing machine ought to be able to do.

The Self Starting Remington does just what its name implies. One touch on a Self Starter key sets the carriage instantly—and you are ready to write. You don't have to "crank up." In other words there is no time lost in fumbling or fussing to set the carriage by hand to start the writing line.

The Self Starter adds 25 per cent. to the letter-writing speed of the typist. This is not a claim; it is a fact. We can prove it by actual demonstration.

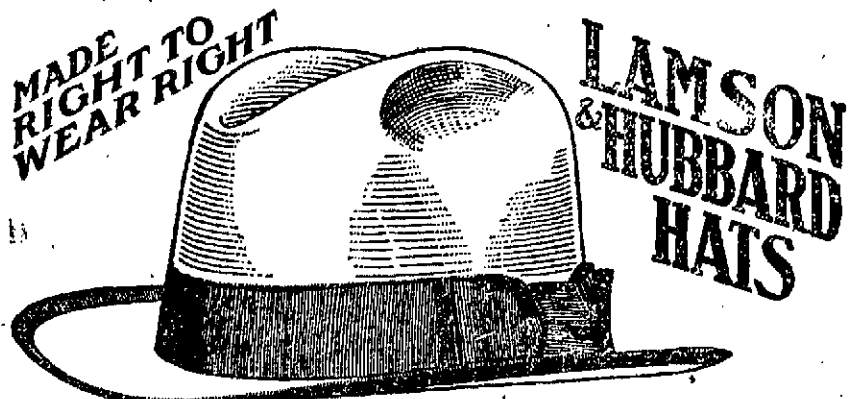

Call in at our office any time and let us show you the Remington Self Starter and how it works.

WILLIS DUBBED A REACTIONARY OF WALL ST. TYPE.

Cleveland, Oct. 13.—The speech
made here Tuesday by Secretary
McAdoo of the treasury department
is remembered not only for what he
said of the national campaign but
for his comment on the situation in
Ohio. He declared the Republicans,
in his judgment, intended, if put in
control of government, to destroy
the 12 federal reserve banks estab-
lished under Wilson and to substi-
tute one central bank in Wall street.
"Can we afford to take this risk?"
he asked.

The Republican party always has
stood for a central bank and for
Wall street, he declared. Republican
members of congress tried in vain to
defeat the federal reserve bank
measure, he continued, declaring:
"Governor Willis, a member of
the house of representatives, said on
December 22, 1913, the day the fed-
eral reserve act was passed, 'I shall
not support this bill (the currency
bill), Mr. Speaker, because it repre-

LADIES! DARKEN YOUR GRAY HAIR

Look years younger! Use Grand-
mother's recipe of Sage Tea and
Sulphur and nobody will
know.

The use of Sage and Sulphur for
restoring faded, gray hair to its nat-
ural color dates back to grandmother's
time. She used it to keep her
hair beautifully dark, glossy and
attractive. Whenever her hair took
on that dull, faded or streaked ap-
pearance, this simple mixture was
applied with wonderful effect.

But brewing at home is messy and
out-of-date. Nowadays, by asking
at any drug store for a 50-cent bot-
tle of "Wyeth's Sage and Sulphur
Compound," you will get this famous
old preparation, improved by the ad-
dition of other ingredients, which
can be depended upon to restore
natural color and beauty to the hair.
A well-known downtown druggist
says it darkens the hair so natural-
ly and evenly that nobody can tell it
has been applied. "You simply damp-
en a sponge or soft brush with it
and draw this through your hair,
taking one strand at a time. By
morning the gray hair disappears,
and after another application or two
it becomes beautifully dark and
glossy."

Wyeth's Sage and Sulphur Com-
pound is a delightful toilet requisite
for those who desire a more youth-
ful appearance. It is not intended
for the cure, mitigation or preven-
tion of disease.

ATLANTIC MONTHLY EDITOR FAVORS WOODROW WILSON.

(ASSOCIATED PRESS TELEGRAM)
New York, Oct. 13.—Ellery Hedg-
wick, editor of the Atlantic Monthly
and a former follower of Governor
Hughes, made this statement today
when asked publicly, the question:
"Why are you for Wilson?"

"Mr. Wilson's foreign policy of
patience and of peace gives hope for
the new world. Mr. Hughes' pale
reflection of Colonel Roosevelt's de-
mands reverts to the outworn code
of the old. Despite fine talk of na-
tional honor, this has an evil sig-
nificance. I solemnly believe that Mr.
Hughes' election entails inevitable
war with the Mexican people."

71 YEARS IN BUSINESS

Had Terrible Pains in Kidneys and Back.

Dear Mr. Editor—I want to write you about "Anuric." I was very sick, could hardly be up; I was in bed most of the time. Had terrible pains in my kidneys and back, so much so that I had to scream sometimes when I was sitting down and wanted to get up, the pain was so great. I had tried a well-known kidney medicine but it didn't help me. I heard of Dr. Pierce's Anuric Tablets so I thought I would try them. I took only one box of the Tablets, and my back is now free from pain and I can work and take care of my family. I feel I cannot say enough for this medicine. Mrs. Wm. KELLER, Windham, O.

NOTE: This "Anuric" is adapted especially for kidney complaints and diseases arising from disorders of the kidneys and bladder, such as backache, weak back, rheumatism, dropsy, congestion of the kidneys, inflammation of the bladder, scalding urine and urinary troubles. The physicians and specialists at Dr. Pierce's great Institution, at Buffalo, N. Y., have thoroughly tested this prescription and have been with one accord successful in eradicating these troubles, and in most cases absolutely curing the diseased kidneys.

Patients having once used "Anuric" at Dr. Pierce's Invalids' Hotel, have repeatedly sent back for more. Such a demand has been created that Dr. Pierce has decided to put "Anuric" in the drug stores of this country, in a ready-to-use form. If not obtainable send one dime by mail to Dr. Pierce for trial package or 50 cents for full treatment.

Dr. Pierce's Golden Medical Discovery is a blood cleanser and alterative that starts the liver and stomach into vigorous action. It thus assists the body to make rich, red blood, which feeds the heart, nerves, brain and organs of the body. You feel clean, strong and strenuous.

Darken Your Gray Hair

Apply Q-Ban—No Dye

Not a trace of gray shows in your hair after a few applications of Q-Ban Hair Color Restorer to hair and scalp. Q-Ban is no dye, but is a harmless, ready-to-use liquid, which restores the color glands of the hair. If your hair is gray, streaked with gray, prematurely gray, faded, thin or falling, simply shampoo hair and scalp with Q-Ban Hair Color Restorer. All your gray hair and entire head of hair then quickly turns to an even, beautiful dark shade, leaving all your hair healthy, fluffy, radiant, full of life, fascinating; so evenly dark and handsome no one will suspect you used Q-Ban. Also stops dandruff and falling hair. Only 50c for a big bottle at R. W. Smith's Drug Store, Newark, O. Out-of-town people supplied by parcel post—Advertisement.

ZANESVILLE PASTOR WILL AID IN CHURCH DEDICATION SUNDAY

REV. HUGH WAYT

Of Zanesville, Principal Speaker at Dedication, North Side Church of Christ, Sunday.

The North Side Church of Christ, established a year ago and built soon afterward, will be dedicated next Sunday with special services, morning, afternoon and evening. Rev. Hugh Wayt, pastor of the New Church of Christ of Zanesville, a \$30,000 edifice, which was dedicated two years ago, will be the principal speaker Sunday. There will be special music for the three services which will be held at 10:30 a. m., 2:30 p. m. and 7 p. m.

The church is a frame structure located at Stevens and Hollander street and although it is one of the youngest institutions in the city it is growing rapidly. Already its Sunday school is larger than the church membership. Friends of the church who care to make a contribution to the church, but who cannot be present at the service Sunday, may communicate with C. L. Riley or telephone the minister, L. C. Emerick, Auto 7359.

BREAD COST

INCREASES 11 PER CENT IN
LAST SIX MONTHS SAYS
FEDERAL REPORT.

Extensive Investigation Reveals That
Prices of Wheat, and Flour In-
crease 23 to 37 Percent.

(ASSOCIATED PRESS TELEGRAM)
Washington, Oct. 13.—The extent of increases in the price of bread, or decreases in the weight of loaves during the four months from May 15 to Sept. 15, is detailed in figures from 45 of the country's principal industrial centers made public today by the bureau of labor statistics. Bakers, in reports to the bureau, gave as reasons the increased cost of materials and ingredients, especially flour. Changes in prices and weights have been most numerous during the last two months which the figures cover.

Of 210 brands of bread that retailed for five cents and weighed 15 ounces or over on May 15, only fourteen remained at the same price and weight on Sept. 15. Some bakers are reported to have met cost advances by discontinuing wholesale businesses, substitution of brands, presumably cheaper, and elimination of the return of stale bread.

Comparative figures regarding wheat and flour prices and the average retail price of bread show that in September the wholesale price of wheat was 34 per cent greater on September 15 than on May 15, the wholesale price of flour 37 per cent higher, the retail price 23 per cent higher for the same period, and the average retail price of bread was 11 per cent higher.

Another table shows the retail margin of prices for flour and bread. In May flour was \$5.45 a barrel wholesale and \$7.62 retail, leaving a margin of \$2.17 to cover transportation, retailers' expenses and profits, and usually jobbers' expenses and profits between the mill and the retailer. In September the margin was \$1.80 a barrel. It is made clear that the figures are market margins rather than profits as retail prices do not always follow wholesale prices promptly. The retail price of bread per pound before baking in May was \$.056. In September it was \$.062. The wholesale price of 10.45 ounces of flour in one pound of bread before baking, assuming 300 loaves to the barrel in May was \$.018. In September it was \$.025.

In May the wholesale value of 10.45 ounces of flour was 1.8 cents; the average retail price for 16 ounces of bread, before baking, being 3.6 cents, making a margin of 3.8 cents.

YOU WANT PINK CHEEKS

Every woman wants pink cheeks. They mean not only beauty but health. Then put the color in your cheeks, not on them. The glow of health is the red of healthy blood showing through translucent skin. It is impossible without rich, red blood. When a girl's color fades and she looks debilitated, in short of breath, when her heart palpitates after every slight exertion and she has pains in various parts of the body she needs Dr. Williams' Pink Pills for Pale People. They are the remedy best suited to restore the blood, bring brightness to the eyes and put color in the cheeks and lips.

The only other treatment needed costs nothing. It is this. Give the patient plenty of sunlight, moderate exercise every day, enough to cause fatigue, and use care. No diet because the food craved is of the best for the condition.

Two books, "Building Up the Blood" and "What to Eat and How to Eat" give just the information that every mother of a growing girl needs. They are free. Write for them today to Dr. Williams Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills or you can send fifty cents for a full-size package.

between the wholesale price of flour in a 16 ounce loaf of dough and the retail price of the same loaf baked. The margin figures do not include the cost of retailing and the retailers' profits.

Brands of bread on September 15 were being sold at 12 1-2 ounces for five cents in one city. In another city the price was increased and the weight was decreased at the same time. Frequently, however, increase in prices has been accompanied by increase in weight. In some cities the price was increased, the weight remaining the same.

MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if
Back hurts or Bladder bothers—
Meat forms uric acid.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you get severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary, and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

Careful Ohio Mothers Stop Dosing Children for Colds

Instead of Internal Dosing, which Injures Delicate Little Stomachs, They are Now Using Plenty of Fresh Air in the Bedroom and a Hot Application of Vick's Vap-O-Rub at the First Sign of Trouble.

Cincinnati, Columbus and Dayton Mothers Report Results Following Trial of "External" Treatment.

Careful mothers everywhere have long realized that little children should be dosed as sparingly as possible. Still, croup and cold troubles must not be neglected. This problem has been solved by those Ohio mothers who have tried the Southern treatment—Vick's Vap-O-Rub Salve. You just apply this over the throat and chest, and cover with a warm flannel cloth, leaving the covering loose around the neck, as the body heat releases the ingredients in the form of vapors. These medicated vapors are inhaled, with each breath, all night long, opening the air passages and loosening the phlegm. Vick's is much quicker than internal medicines, but the best part of it is that it is absolutely harmless, and can be used with perfect safety on the smallest child, as often and as freely as wished.

CINCINNATI, OHIO, Mrs. Fred M. Callahan, 1029 St. Gregory St., writes: "I have four sons, aged from sixteen months to seven years, and find

that your Vap-O-Rub has done them a world of good, in relieving attacks of croup and colds. My sister, who is subject to catarrh, gets better relief from your remedy than from any other she has used."

COLUMBUS, OHIO, Mrs. F. B. Hinds, 901 Bellows Avenue:—"We have used your Vick's Vap-O-Rub Salve on our baby, and we can recommend it to anyone who will give it a trial. It has saved our child from having a bad case of pneumonia."

DAYTON, OHIO, Mrs. W. E. Callom, 1314 Wayne Ave:—"Vick's Vap-O-Rub Salve is all that you claim it to be. We used it on our four year old daughter to break up a cold that had been running two months, and had seemed to defy two of our best doctors. I shall use it in all future cases."

The above are just a few of our many letters from Ohio people who have found Vick's Vap-O-Rub the ideal home remedy. Three sizes, 25c, 50c or \$1.00, at all druggists.

Our Boys and Girls

Some hints, which I am sure will be appreciated by many mothers are here given:

If baby persists in keeping his hands uncovered when riding in his buggy, fill a small hot water bag and tie it to the strap in front. It will keep his hands warm and comfortable.

For the rubber spring clothes pins will hold them together. But what is necessary and seldom at hand is a shoe horn. By the use of it when putting on rubbers the mother's temper and fingers will be saved.

Children should have individual laundry bags and be taught to put all soiled clothing in them as soon as taken off.

An enamel to glaze pottery without the use of heat is a German invention.

BRITISH LOOKING FOR THIS CAPTAIN

Captain Hans Rose.

British war craft of every description, on this side of the Atlantic are looking for Captain Hans Rose, commander of the German submarine U-53. Captain Rose says he isn't through sinking British ships on this side of the water and the world is awaiting with interest his next exploit.

Magical Effect of Simple Face Peeler

To maintain a clear, white, youthful complexion, there's nothing so simple to use and yet so effective as ordinary mercurized wax, which you can get at any drug-store. Just apply the wax at night as you would cold cream. In the morning wash it off with warm water. If you've never tried it, you can't imagine the magical effect of this harmless home treatment. It causes the old worn-out skin to come off in minute particles, a little at a time, and soon you have entirely shed the offensive cuticle. The fresh young under-skin now in evidence is so healthy and girlish looking, free from any appearance of artificiality, you wonder why you had not heard of this marvelous complexion-renewing secret long ago.

Equally magical in its action is a simple wrinkle-removing lotion made by dissolving an ounce of powdered wax in a half pint of witch hazel. Bathing the face in this for two or three minutes immediately affects every line and furrow and improves facial contour wonderfully. (Advertisement.)

Milady's Boudoir

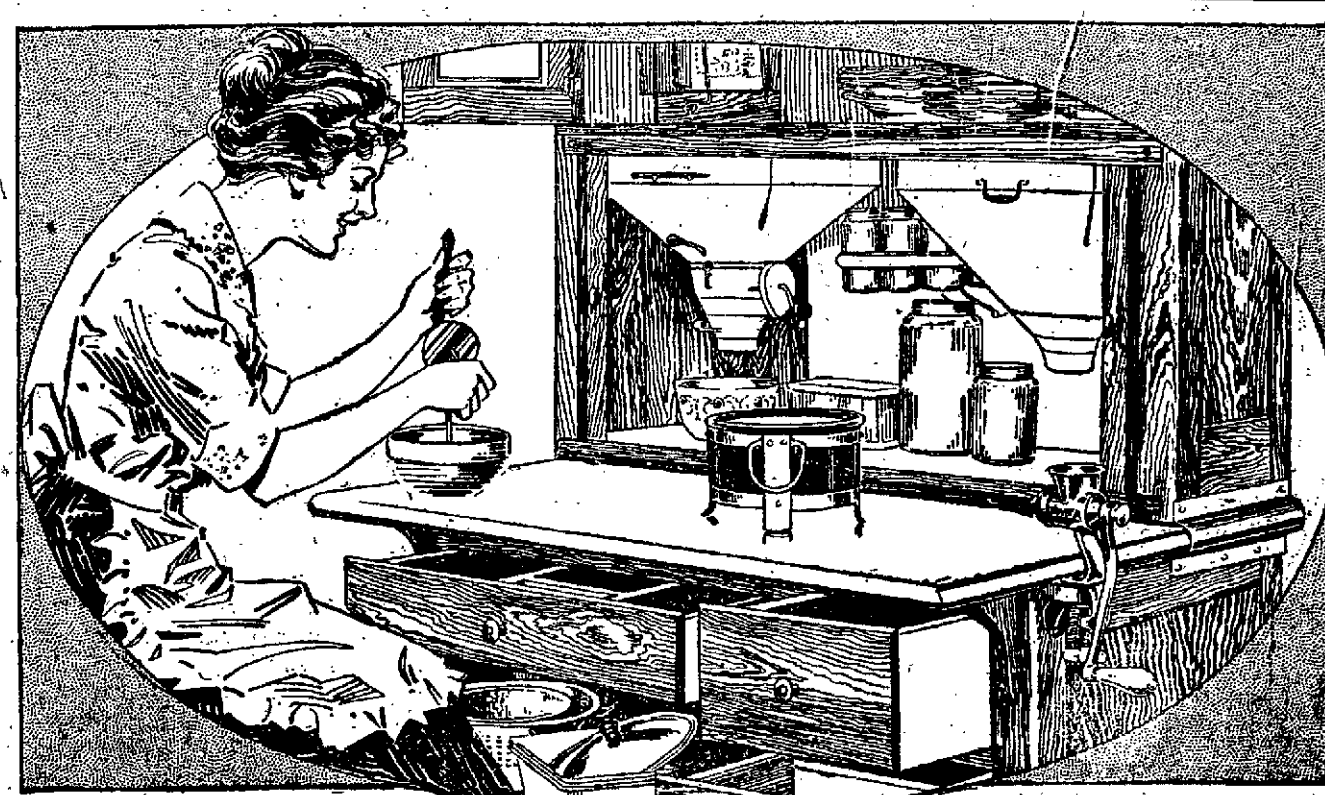

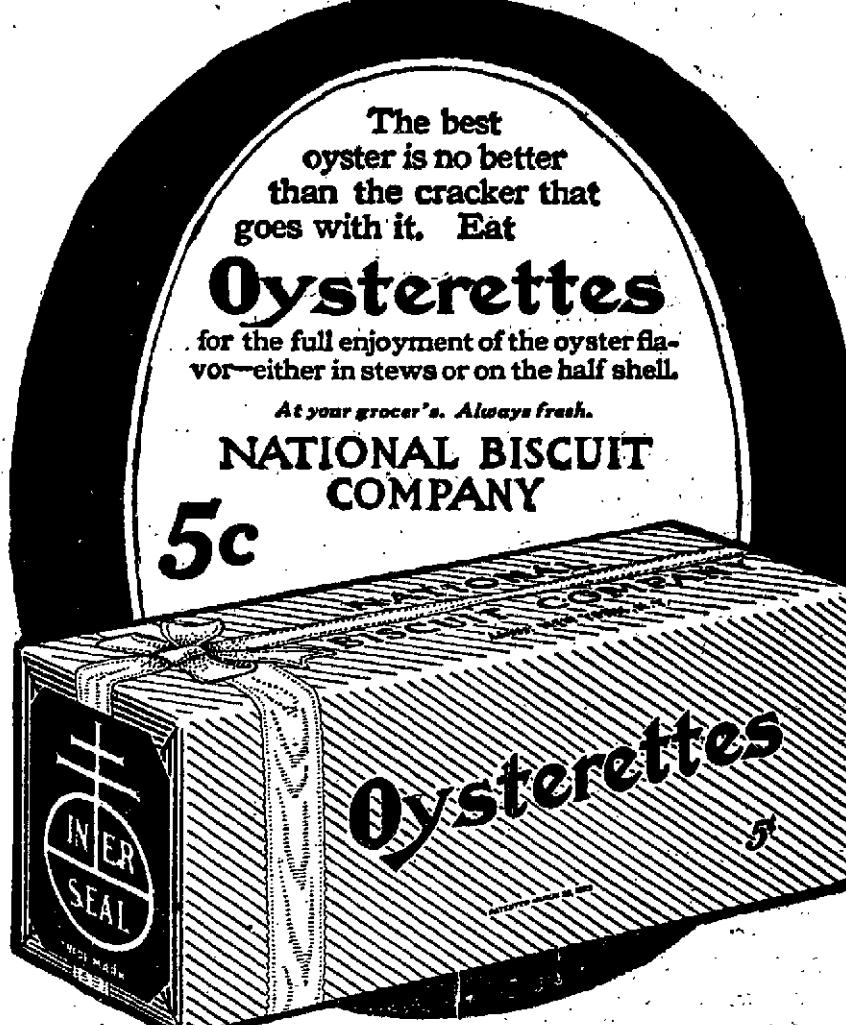

When Milady Grows Stout. Walking before breakfast is not only a wonderful tonic but an ideal flesh reducer. Should the weather be unfavorable for walking some brisk exercise should be substituted before the corset is put on.

Ripe uncooked fruits, if possible should be eaten before breakfast. Sugar, cream and milk, even in tea and coffee, which should always be weak should be used very sparingly. Almost all liquids are fattening, even water. In place of milk and sugar in tea, a few drops of lemon juice squeezed into it will be found refreshing and beneficial.

While I never like to suggest an exact diet still I cannot refrain from giving these few suggestions to those who are especially anxious and in a hurry to reduce. The ordinary white bread should be eaten very sparingly, but whole wheat graham and black bread may be partaken of quite freely.

Pastry, beer, liquors and cocoa should not be touched. Figs, stewed prunes or ripe pears, eaten before breakfast, will serve as salads, pickles are all good if not eaten in too great an abundance.

By being careful of ones diet, one should be quite able to remain slender throughout ones life. Don't forget, too, that exercise is all important if one would remain svelte like.

Do You LIKE To Get Tired In The Kitchen?

The way some women hang on to their old-fashioned kitchens one would think they liked to wear themselves out doing the work. The miles of steps they take getting three meals a day; the unnecessary trips to pantry, cellar and storeroom is drudgery that makes young women quickly grow old.

A million women in America won't submit to such slavery. They bought a Hoosier and do the same work easily and in half the time.

This Hoosier Cabinet Cuts Work in Half

THE VITAL PART OF YOUR CABINET

The picture above shows how the scientific arrangement of the Hoosier makes it a real helper. Storage space is above and below. There is plenty of unhampered room above and around the aluminum (or porcelain) work-table. There is no useless little partitions to chop up the space and leave no room for work. Your cabinet must have big table space to work on. The Hoosier gives it.

Come and see these six exclusive Hoosier features:

- 1—The all-metal glass front flour bin.
- 2—The gear-driven shaker flour sifter which makes flour light and fluffy.
- 3—Scientific arrangement—articles needed most frequently easiest reached.
- 4—Revolving caster (shown in center of illustration).
- 5—The ingenious, big-capacity sugar bin—holds more than twice as much as most other bins.
- 6—Finally, the doors that roll back at the sides of the cabinet, entirely out of the way.

PRICES AND TERMS

There are over 1,000,000 Hoosier Cabinets in use. Enormous factory output makes our low prices, which now range from \$19.85 to \$40.00, possible.

Have the Hoosier delivered at once by paying only \$1.00! You may make payments at the rate of \$1.00 per week, without extra cost or interest. And regardless of the room in your kitchen, there's a special Hoosier model to fit, at a price you can easily afford.

EVERY WOMAN HAS A RIGHT TO A HOOSIER

When you can put a Hoosier in your kitchen today for such a small sum, don't you think it is false economy to save these few dollars at the expense of your own strength and health?

AT LEAST COME AND SEE THE HOOSIER

Have a demonstration of its exclusive work-saving features. No obligation incurred if you don't want to buy now. But at least learn why over a million women can't do without a Hoosier.

Chicago, Oct. 13.—Buying on the part
of the leading houses rallied the wheat
market today after a weak start. After
opening 1/4 to 1/2c lower, with December
at 1.57 1/2, and May at 1.55 1/2, to 1.56 1/2,
the market became more active and
advance to 1/2c above Wednesday's
finish and then underwent something
of a reaction.

Wheat rose with wheat. The market
was bullish; affected also by unfavor-
able weather in the domestic corn belt.
After opening unchanged to 1/2c lower,
prices made moderate gains all around.
But receipts weakened out strength of
other grain failed to act as an offset.
Scarcity of wheat in the market brought
an advance in provisions. Lard for
October delivery touched the highest
price yet this season.

CITIZENSHIP

WAS SUBJECT OF FATHER MULHANE'S ADDRESS BEFORE KNIGHTS OF COLUMBUS.

Several Hundred Heard Splendid Talk by Mt. Vernon Man—Lancaster Women Furnish Music.

The discovery of America by Christopher Columbus 424 years ago was celebrated by the Knights of Columbus at their club rooms in West Main street, Thursday evening when over 200 Knights and their friends assembled to pay homage to the memory of America's first hero. American flags intermingling with those of the order adorned the spacious rooms, and the council chamber had been fitted with seats affording an auditorium for the program of the evening. Grand Knight A. E. Willert, president and Rev. Father Charles H. Waterson, pastor of the Blessed Sacrament church, recited the opening prayer. Mr. Willert introduced the speaker of the evening, Rev. Father L. W. Mulhane of Mt. Vernon, who spoke on "Some Phases of American History."

A brilliant and sound thinker, with a remarkable gift of oratory, which scintillated with keenest of Irish wit, Rev. Father L. W. Mulhane, well known to his audience was given a most enthusiastic welcome. He touched on the incidents which had led to the legalizing of Discovery Day, and told how it was so observed in 33 states of the Union. He noted with regret the prejudice and misrepresentation which was often found prevalent and said that "owing to the greatly increasing number of the Knights of Columbus the burden of bearing these misrepresentations has in a great degree fallen on them."

Father Mulhane spoke on what really constituted the meaning of "citizenship" and how the country today needed as never before true thinking, true acting men. A man can be a citizen and a politician, but he should never be a politician and then a citizen.

One of the delightful features of the program was the appearance of Mrs. James Daugherty, of Lancaster, who possesses a soprano voice of great clearness, beauty and wealth of tone. Her song numbers were well selected showing variety and were apropos of the day celebrated. Her first number, "The Birthday Song" by Huntington Woodman was enthusiastically endorsed and she responded with "America I Love You."

Two other numbers were "All for You" by d'Hardelet, with the encore "The Daffodil Song" and "Mother's Garden" by Brewer. The latter proved a beautiful number in which Mrs. Daugherty's interpretation was exceptionally good. The singer was ably accompanied by Miss Mary O'Neill also of Lancaster.

Mr. George Rickett, a member of the local council of the Knights of Columbus and a reader of ability entertained with several short character sketches which he had localized. His Italian, Chinese and German dialect readings were very clever.

At the close of the program and as the guests assembled in the club rooms, an impressive ceremony incident to the unveiling of a bust of Christopher Columbus, which will find permanent place in the club was held. Dr. J. P. H. Stedem gave a short talk on the history of Columbus and of his vision and its realization. At its conclusion the draperies were drawn from around the bust by little Miss Mary Murphy, daughter of Dan Murphy, chairman of the Discovery Day Committee.

The banquet tables had been arranged in the council chamber and they extended the length of the long room, being attractively arranged with flowers and a banquet of three courses was the concluding feature of the celebration.

The committee in charge had worked untiringly and the program was one of the most successful of the annual Discovery Day celebrations.

1878 REGISTER ON SECOND DAY; TOTAL NOW 4539

The second day's registration was not as heavy as that of a week ago, when 2,651 voters became eligible to vote at the election to be held Tuesday, November 7. Yesterday a total of 1,878 registered, making a total for the two days of 4,539.

In 1908 there was a total registration in the city of 7,003 and in 1912 only 6,643, a falling off of 360 when there should have been a gain. Election officials at that time accounted for it by stating that a large number of voters had left the city to accept employment in the Akron rubber plants; the Pratt-Kirk company and the Howell Provision company had suspended and employees found positions out of the city. Even were this true there was the natural increase in population, the building of several new factories, employing several hundred men, etc. The real reason possibly for the falling off in the 1912 registration was due to the fact that not as much interest was taken in the election that year and here were many stay at homes.

The two days' registration this year indicates that it will be more than ever before and that a heavy vote will be cast. Great interest is being taken in the presidential election and no one will want to lose his vote. Remember that every voter must register this year and there are only two more registration days, Friday and Saturday, Oct. 20 and 21. The hours will be between 8 a. m. and 2 p. m., and 4 and 9 p. m. If you fail to register on either of those days your vote will be lost.

Hot Water the Best Liver and Bowel Medicine

Says glass of hot water before breakfast washes poisons from system.

Physicians the world over recommend the inside bath, claiming this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do.

Men and women are urged to drink each morning before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleanse and freshen the skin, so hot water and limestone phosphate act on the eliminative organs.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of pronounced results, both in regard to health and appearance.

CHICAGO PREACHER FORGOT LICENSE FOR OWN WEDDING.

(Associated Press Telegram)

Chicago, Oct. 13.—The Rev. J. P. Brushingham, well known Methodist preacher of Chicago, had arranged everything—including Mayor Thompson for best man—for his wedding yesterday, but at the last moment discovered he had forgotten the license, and the license bureau was closed on account of Columbus Day. There was a lot of frantic telephoning. County Clerk Sweitzer was communicated with.

"Well," laughed Sweitzer, "Brushingham worked against me when I was running for Mayor but —"

Mr. Sweitzer made a personal matter of it, obtained the license, and the absent minded pastor was duly united in marriage to Miss Clara Edith Williamson.
